the fuel problem and the delayed dinner problem It saves 80% of your present coal or gas bills, and 90% of your present kitchen worries. When you own a Mother's Oats Fireless Cooker, you simply place your oatmeal (or anything else that you want to prepare) on the stove, bring it to a boiling point, remove, place in Fireless Cooker, put the pad in position, tug the draw-string, and go to bed. While you're sleeping, the food will keep cooking itself. Nothing can boil over or burn or spoil. During the day you can start soup or joints or vegetables, place them in the Cooker, visit your neighbor, go to the matinee, or shop, without any thought of a hot, stuffy kitchen range.

Now, there is only one way that you can get a Mother's Oats Fireless Cooker, unless you want to go to a store and pay \$3.75 for it, and that is by being a user of Mother's Cereals, the best cereals, prepared in the largest mills, and sold everywhere by the best dealers in every town. EVIDENCE OF PROSPERITY

We have, from time to time, shown in our advertising, comparative statements of our condition. This, we believe, is of interest to the general public, and especially so to our customers, who have, by their patronage, contributed to our GROWTH MEASURED BY DOLLARS.

The figures given are from our statements made public in response to the calls of the Bank Com-

An increase of over 700 per cent. in about six years. This development is particularly gratifying to us because of the fact that a very large proportion of this gain in deposits is new business created by our special effort and facilities and not attracted from other institutions, as is evidenced by the continual increase of deposits in every bank in Norwich.
